Richard Tremblay, P. Eng.

“You were the most energetic and lively speaker in the First International Congress on Professional Real Estate Development, PRED 2010. You were more than successful in transmitting your energy and enthusiasm to the audience. Your self-confidence while presenting and the practical issues you introduced to survive during the recession along with your style of presentation have definitely been the reason the audience selected you as the most brilliant speaker. The satisfaction level of participants from your presentation was unbelievable. We all hope to see you again in Iran for our next programs.”

Mohammad Naserbakht, Executive Director International Congress on Professional Real Estate Development, PRED 2010
